BOARD OF TRUSTEES LAY NOMINEE

Name: David Eugene Boose Jr.

Address: 3269 East Pheasant Drive, Dover, PA 17315

Christian Experience: Received Christ as Savior when 13 and have grown through the EC church, leading and taking part in small group Bible studies, both with my church and at several other churches, including Community Bible Church in Marietta, studying the Word, and listening to solid preaching and Christian music. But also have grown through many family difficulties and God's discipline in my life. Several mentors, including Pastor Carlos Kelly and Mike Campbell have made a difference.

Church Affiliation and Membership: I am a member of St . Paul E C Church since 1986, and have helped to start Iglesia Cristiana de York EC and Next Step E C churches in York.

Church Leadership: Have been a part of the Board/ Ministry Council since the mid 1990s. Served as Alternate Lay Delegate from 2012 to 2017. Serving currently as Lay Delegate of St. Paul E.C Church. Elected as lay representative for the Susquehanna District to the National Ministry Team in 2018. I am helping to lead a small group in Next Step currently. I also was approved as a member of the Prayer Mobilization Team in 2015 and still serve.

Educational Background. B.A in Geoenvironmental Studies; Minor in Economics from Shippensburg University, 1993.

Community Service: My service, other than activities with the church, has primarily been helping family members and individuals in various difficult situations. I helped a friend through the process of getting a green card and citizenship, for example.

Professional Life: My employment is with the County of York- Ag Land Preservation Board, as a Farmland Preservation Specialist. I have worked for the County since 2000. This involves working with farmers through the process of getting their farm preserved, mapping, walking farms, writing conservation plans, and reviewing legal documents and surveys. I also had an internship in 1999 involving horticulture in 1999, and work for several homeowners with many gardening projects. In regards to my family, my father and I became Guardians of my grandmother in 2017, and I have done a lot of work with financial advisers, dealing with her many investments, managing her property, and doing the required Guardian reports of all income, expenses, and assets each year, as my father and I seek council from our attorney. I am still serving as executor of my Aunt Constance Boose's estate, dealing with many records and taxes, etc.

Hobbies: I have always enjoyed music (help with singing at church at times) and watching some sports- primarily football recently. Gardening is a hobby since the 1990's, as well as the jobs mentioned above. I read when I have time. I tend to spend a fair amount of time with family, friends, and at church. Have done some historical sight-seeing with friends as well.
